

Call for Participants

We are doing research about entrepreneurship and innovative practices. That is why we are looking for Non-Dutch entrepreneurs in the Netherlands. The project is part of a doctoral dissertation under a joint initiative of the Universities of Amsterdam(Netherlands) and Milan-Brescia (Italy). We would like to interview entrepreneurs about your personal connections, the origin of innovative ideas and the possibilities for future growth.

The main researcher Juan Francisco Alvarado can be found in [ResearchGate](#), [LinkedIn](#) or at his university profile in [NASP](#). For further communication you can use: jfalvarado@uva.nl or 0641647329

Whom are we looking for?

- ✓ You are an Entrepreneur: owner-founder /or/ associate of a business group /or/ manager-CEO of a small-medium firm
- ✓ You are Non-Dutch: open to all nationalities (including EU foreigners in NL or those with double nationality).
- ✓ Your company is registered (or to be registered soon) in the Netherlands (preferably in the region of Randstad)
- ✓ Your firm has been active for at least 3 months (it can include informal and testing activities)
- ✓ You have time for 1 interviews that will last for one hour (Skype interview can also work if your residence is not in Amsterdam). A suitable date and place can be agreed between October until December 2016
- ✓ Your business operates in any of the following fields:
 - Transport (any size or destination)
 - Information-Communication (also digital)
 - Finance and insurance
 - Real-state
 - Professional services (photography, marketing, publicity, informatics, etc)
 - Development of apps or technology
 - Support to companies (legal, taxes, HR)
 - Education and particular courses (language, cooking, music and more)
 - Health care, child and elders care, and nursing
 - Artistic and sport activities

How do you benefit from this?

In return for your cooperation we would like to contribute with a graphic diagnosis of your personal connections in your business. Networking is an important element for the success of your company, and we want to help you visualize your existing connections and the ones you could need according to your business strategies and your future plans.
